Biography

Plugged Shows

Captain Albatross just wants to do one thing: pay homage to the legendary band from Seattle. Ever since 2009 they have played well over 100 shows and have destroyed stages everywhere.

Squealing amplifiers, thundering drums and a voice that comes scarily close to the original: Captain Albatross will bring you a tribute to Nirvana like never before.

All the hits, the b-sides and lesser known gems will be played with passion and ferociousness. Close your eyes and return to the 90's!

Biography

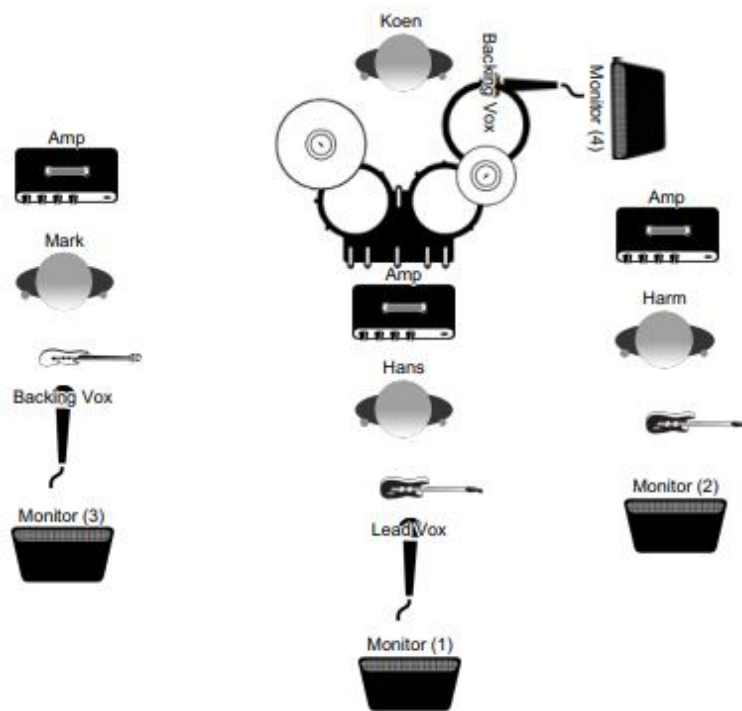

Unplugged Shows

From the first tones of 'About a Girl' to the last haunting scream in 'Where Did You Sleep Last Night', Nirvana's Unplugged-session is legendary. Captain Albatross brings new life to that show by playing it front to back.

Everything fits: the cello, the candles, the flowers and of course the voice, which seems to be a carbon copy of Kurt Cobain. After playing loads of shows and receiving praise by the visitors we know for sure: you won't come any closer to the original.

Lighting and atmosphere

Unplugged Shows

We will bring (a lot of) flowers and real candles with us to imitate the original stage setting. These candles sit in sturdy holders, accompanied by a wooden plate in case of wax drips. If this is a problem for your venue, please let us know WAY in advance. However, actual candles are necessary to obtain the best and most original atmosphere.

Lighting must be kept sober. No strobes, no fast moving or blinking lights, loads of blue and red on the stage. Please check out the original Nirvana-show beforehand to see what we mean.

Important: NO (or the absolute minimum of) smoke on the stage.

Hospitality

All this packing up, travelling, setting up and making music makes you hungry. Thirsty as well. That is why we'd appreciate the following being present:

- 1 Meal per person
- Enough beer, soda's, juice (without bubbles) and water in the dressing room
- Enough beer, soda's and water on stage
- 1 bottle of Jägermeister (preferably frozen)

We will let you know in advance how many people (crew/drivers) will accompany us.

IMPORTANT: One meal must be kept free of all sorts of nuts because of our guitar player's allergy. He'll swell up like a balloon, which sounds more fun than it is. So:
